Key Features:

Powerful 2.2 HP motor for fast and consistent blending. Durable 1.8L jar ideal for high-volume commercial use. Variable speed control and pulse function for precision. Perfect for milkshakes, smoothies, frappes, and cold coffees. Timer function for convenience and consistent results. Easy to clean – pulse mode can be used for jar cleaning.

Usage & Maintenance:

Use the pulse function with water and detergent for easy cleaning after use. Avoid blending hot liquids to prevent jar damage. Ensure the blender is off before placing or removing the jar. Wipe exterior with a damp cloth; do not immerse the base in water.
